<i>CAMP NUMBER</i>	<i>NAME</i>	<i>GRAD YEAR</i>
43	Charlie Hatten	2029

Throws: R

Arm Angle: 6'2

5'10 Ext.

Notes

Things to work on: time up the delivery better, work on repeating the motion rather than forcing. Be fluid and smooth. Use the ground to your advantage. Don't try and create an arm action, let the arm go on its own. When the arm is natural and fluid, it will do more for you. Keep the head even with the strike zone. Grip it and rip it, let the ball go.
